

KineticWorks, Inc. Spins off Telecom Management Division to Start TelAdept, LLC.

Denver, CO - July 1, 2006 - Today KineticWorks, Inc. announced that it has spun off its Telecom Management division, forming TelAdept, LLC, a full service Telecom Management solutions provider. "TelAdept's value proposition is to provide clients with a comprehensive suite of Telecom Management solutions to effectively administer the complex lifecycle of telecommunications services and expenditures," said Jeff Beck, President of both KineticWorks and TelAdept. "KineticWorks will remain committed to its mission of providing enhanced telecommunication services and products to its clients."

TelAdept will continue what KineticWorks started, leveraging the skills of a dedicated professional services team that utilizes proprietary telecom management software (TelTrack) to efficiently track telecom assets and expenses. TelAdept's services will enable clients to:

- Gain visibility into monthly telecom spends across all telecom service providers.
- Reduce monthly costs through inventory reconciliation, network billing optimization, and Tariff/contract reconciliation.
- Build a central repository of information that includes inventory, vendors, contracts and services.

"TelAdept is positioned to provide clients with the best outsourced solution for Telecom Management," said Mike Fredrickson, Vice President of both KineticWorks and TelAdept. "TelAdept's focus will continue to be allowing our clients to focus on their core business while we focus on providing visibility and improvement in their telecom spending and provisioning practices and processes."
